Equations

Equations should be number consecutively and centered in the column.

$$Q = hA(T_2 - T_1) \quad (1)$$

In text citation example: (1).

Images

Figures should be captioned and centered in the column.

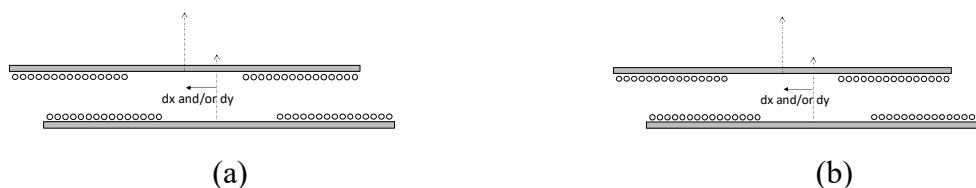

Figure 1. General caption. (a) content and (b) content.

In text citation example: Figure 1, Figure 1a, Figure 1b.

Tables

Tables should be formatted as follows.

Table 1: caption of Table 1

	frequency [Hz]	voltage [V]	current [A]	error [%]
A	1000	100	10	1
B	2000	200	20	2

In text citation example: Table 1.

References

References must be formatted in Vancouver style. In text citations should be numbered sequentially in order of their first appearance in square brackets, for example [1], and [2,3].
